

## ATLAS 1150SA

This single Skin heating oil tank has 1100 litre (approx. 230 gallons) storage capacity.

For some DOMESTIC oil tank installations (in England and Scotland, NOT Wales) fitting a single skin oil tank can be suitable solution.

In ALL cases, an 'oil storage risk assessment' should be carried out to determine the correct tank and installation.

Manufactured from high grade polyethylene this British made Atlas tank is corrosion resistant, has high impact strength and is UV stabilised. All Atlas tanks are CE marked and comply with the latest European standards.

Single Skin Tank

2 Year Manufacturers Warranty

Watchman & Bottom Outlet Kit Included

### Specifications:

- Capacity: 1150 Lt
- Tank Type: Single Skin
- Tank Shape: Horizontal
